HIGH-GRADE TOOLS AND HARDWARE

V. & B. EAGLE BRAND HAMMERS

These Hammers are *drop forged* from crucible bar steel, *not pressed.* By this improved method of manufacturing, *every Hammer is exactly the same in shape as well as temper.*

The *steel* used in these Hammers (as well as all other goods stamped with our name) is made expressly for the class of goods for which we use it.

The *handles* are made by us and are the best grade of second-growth hickory that is possible to obtain.

Every Hammer branded with the V. & B. Eagle is fully guaranteed. We will gladly replace any Hammer, without charge, that shows any defect.

NOTICE

This Catalogue of Hammers takes the place of any previous issue.

Please Note, that we have discontinued the partially nickel-plated hammer shown on pages 14 and 15 of our 1905 General Catalogue.

Also list prices are changed on nickel-plated plain face and bell face nail hammers from those given in our 1905 Catalogue.

These hammers are now *full nickel-plated all over,* which is the reason for this change.

When ordering hammers, please *refer to this book, not to the 1905 Catalogue.*
